Peggy made a very few edits, so this is the most current version as of COB Friday. Note that I need two dates – the date of the meeting that got canceled, and the date Superfund's SHB soil assessment was completed.

Thanks,
Eileen

Sam et al.,

I've tweaked the control a bit to smooth out some transitions. I've divided the letter into two separate letters, which I believe is still the preferred approach. Peggy Schwebke is checking it now for proper formatting.

Can you take a look and make sure that my edits haven't made it inaccurate? I'll also take other suggestions of course!

Thanks,
Eileen

Sam, attached is a draft response which includes our paragraphs. I've had Nicole Cantello look at it and she was fine with the response. Once you're done I guess send it back to Eileen for holding. Thanks

There are some pleasantries I didn't bother messing with because I knew you'd do better. I've also attached the incoming. We didn't include something about we are following the SH Bell "SOP" with Watco. Don't know if that was specific to superfund, but really it isn't. Do you remember how Kurt phrased that?

Hi Sara,

Please use this version. The previous email had an older version.

Thanks,
Patrick
